FOREWORD

Global Health: International Journal of Health Sciences, Public Health and Pharmacy; This journal is intended for the publication of scientific articles published by the International Forum of Researchers and Lecturers. This journal contains studies in the fields of Health Sciences, Public Health and Pharmacy, both theoretically and empirically. The focus of this journal is on the study of Public Health, Occupational Safety and Health (Occupational Health; Hiperkes), Health Policy (and Health Analysis), Epidemiology, Environmental Health Engineering, Health Promotion, Life and Health Insurance Science, Environmental Health, Sports Science, Field Other General Health Not Yet Listed, General Pharmacy and Pharmacists, Pharmacology and Clinical Pharmacy, Pharmaceutical Biology, Pharmaceutical Analysis and Medicinal Chemistry, Pharmacy and Pharmaceutical Technology, Food Pharmacy and Food Safety Analysis, Other Pharmacy Not Yet Listed. This journal is published 1 year 4 times **(March, June, September and December)**

Global Health: International Journal of Health Sciences, Public Health and Pharmacy publishes the only paper that strictly follows the guidelines and template for manuscript preparation. All submitted manuscripts will go through a double-blind peer review process. The paper is read by editorial members (according to their area of specialization) and will be screened by the Managing Editor to meet the criteria required for publication. The manuscript will be sent to two reviewers based on their historical experience in reviewing manuscripts or based on their area of specialization. **Global Health: International Journal of Health Sciences, Public Health and Pharmacy** has reviewed the form to keep the same items reviewed by two reviewers. Then the editorial board makes a decision based on the reviewers' comments or suggestions.

Reviewers provide an assessment of originality, clarity of presentation, contribution to the field/science. This journal publishes research articles, review articles/literature studies, case reports and concept or policy articles, in all sciences Pharmacology and Clinical Pharmacy, Pharmaceutical Biology, Pharmaceutical Analysis and Medicinal Chemistry, Pharmacy and Pharmaceutical Technology, Food Pharmacy and Food Safety Analysis. The articles that will be published are original works and have never been published. Incoming articles will be reviewed by a team of internal and external reviewers.

The Editorial Board will continue to strive to improve the quality of the journal so that it can become an important reference in the development of science. The deepest appreciation and thanks to Mitra Bestari together with members of the Editorial Board and all parties involved in publishing this journal.

Regards,

Chief Editor
